NARRATIVE:

On the above date and time while picking up Al-Marri lunch tray he told me that he needed to see the doctor because his left arm and leg were numb. I called Sgt. Ludolph and the nurse and above officers came down to F-spec. The nurse told Al-Marri that he needed to drink more water and exercise. Al-Marri said that there was not enough room in his cell to exercise. The nurse told him that he could do push-up's, sit-up's or run in place and this would help. The nurse also told Al-Marri that she would tell the doctor about his problem and see if there was anymore they could do. Dcs. Wilson was notified about the situation.
