Reports and Case Management

At the start of a case, it may be difficult for counsel or the court to know whether a case has the potential to exceed the statutory maximum allowed for representation.

Therefore, attorneys are encouraged to monitor the status of funds, attorney hours, and expert services, by reviewing the reports provided in the CJA eVoucher program. Items to remember:

- Viewable reports appear on the left review panel.
- Each panel, depending upon which document you are viewing, can have different reports available.
- Each report can have a short description of the information received when viewing that report.
- The two main reports are the Defendant Detail Budget Report and the Defendant Summary Budget Report.

You can find other accessible reports on the menu bar.

Defendant Detailed Budget Report

This report reflects the total amount authorized for this representation, any excess payment allowed, the vouchers submitted against those authorizations, and the remaining balances.

The report provides the information in two sections: attorney appointment and authorized expert service.
