Introduction

The CJA eVoucher system is a web-based solution for submission, monitoring, and management of all Criminal Justice Act (CJA) functions. The eVoucher program allows for:

- Online authorization requests by attorneys for service providers.
- Online voucher completion by the service provider or by the attorney acting for the service provider.
- Online voucher review and submission by the attorney.
- Online submission to the court.

Attorneys are required to create and submit invoices for their service providers and associates to the CJA Clerk in their division. The program includes the following modules:

Panel Management

- Allows attorneys to manage their own account information including address, phone, firm associations, and applicable CLE credits

Voucher and Authorization Request Submission

- Authorization requests by attorneys for expert services
- Requests by attorneys for interim payment
- Supporting document uploads to vouchers or authorization requests
- Reports for attorneys to take an active part in monitoring costs
- Automatic email notification to attorney of approval or rejection of vouchers and authorization requests

Browser Compatibility

- Windows: Chrome 62, Edge 16, Firefox 57
- Apple Macintosh: Safari 10.1

Court Appointment

When a CJA attorney is appointed, the CJA Clerk will create the representation in eVoucher. The program automatically generates an email message to the appointed attorney. The email confirms the appointment and provides a link to the CJA eVoucher program.

Accessing the CJA eVoucher Program

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact>.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

Your Login.gov account is now created, and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

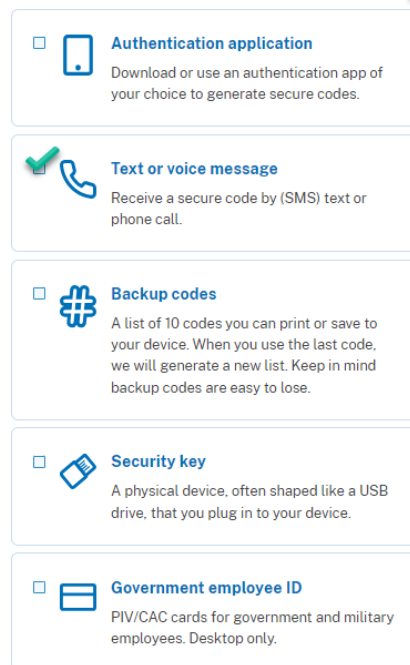

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- ☐ **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- ☒ **Text or voice message**
Receive a secure code by (SMS) text or phone call.
- ☐ **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- ☐ **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- ☐ **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number, and then click the appropriate radio button to receive a one-time code either by text message or phone call. Click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

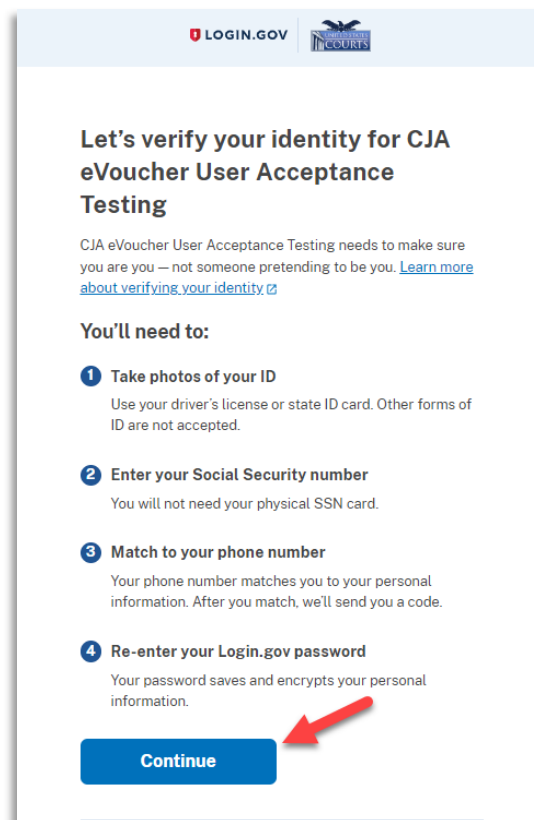

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are not someone else pretending to be you.

Note: This is a one-time identity verification; if you have already proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and the U.S. Courts. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". A section titled "You'll need to:" lists four steps: 1. Take photos of your ID (with a note that only driver's licenses or state ID cards are accepted), 2. Enter your Social Security number (noting that a physical SSN card is not needed), 3. Match to your phone number (noting that a code will be sent after matching), and 4. Re-enter your Login.gov password (noting that the password is encrypted). At the bottom, there is a blue "Continue" button, which is highlighted by a red arrow.

Step 2

Select the check box to allow Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

How verifying your identity works

Identity verification happens in two parts:

Verify your identity

We'll ask for your personal information to verify your identity against public records.

Secure your account

We'll encrypt your account with your password. Encryption means your data is protected and only you will be able to access or change your information.

☒ By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

Beginning with release 6.11, you must create an account in the Vendor Manager System (VMS) to manage your payment account information, including electronic file transfer (EFT) payments for your services. Step 2

On the VMS landing page, click **Sign in with LOGIN.GOV** to begin creating your account.

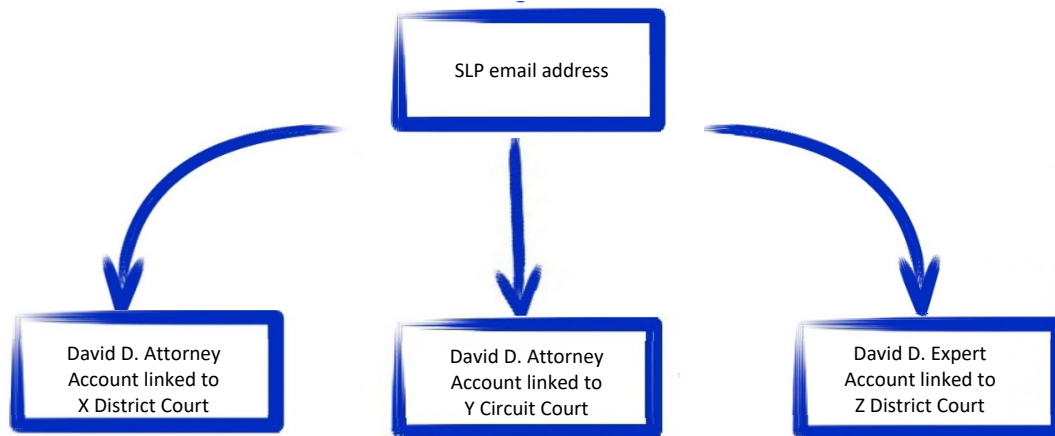

Step 3

Review the VMS job aids for all the information necessary to create your VMS account.

4. **Court account username** – This displays the court user you are signed in as, and your full name and user role as they appear for that court profile.
5. **Accounts menu** – From this menu, you can access all of the court accounts to which you are linked.

Importing Service Entries

Attorneys using commercially available timekeeping and billing systems can directly import multiple service entries into a CJA-20/30 voucher from a file saved in comma-separated value (.csv) format.

As a best practice, the Import Service Entries feature should be started on a new or empty CJA-20 voucher. If you have service lines already entered on a voucher, they will be overwritten with the data imported from the .csv file.

Note: If you have an associate on your voucher and want to use the import service entry function, the lead attorney **MUST** import their entries first or they will overwrite the associate attorney's entries. Review the Importing Time job aid on the eVoucher training website for more detailed instructions for importing service entries with associates.

Step 1

Select the appropriate appointment and click the **Create** link for the CJA-20 voucher to open the document. In the Actions section on the left side of the page, click the **Import Service Entries (.csv)** link.

CJA-20 Quick Review Panel

When entering time and expenses in a CJA-20 voucher, the attorney can monitor the voucher totals using the quick review panel on the left side of the screen.

The screenshot shows a software interface for entering CJA-20 vouchers. At the top, it says "CJA-20 Attorney Enters" next to a computer icon. Below this, the default name "Def.: Elizabeth Waverly" is displayed. A link "Link to CM/ECF" is provided. A horizontal dotted line separates the header from the input fields. The input fields include "Voucher #:", "Start Date:", and "End Date:". Below these, a red rectangular box highlights two summary rows: "Services: \$9,400.00" with a clock icon and "Expenses: \$215.42" with a dollar sign icon. Below the red box, there are two more summary rows: "Representation Fee Limit: \$11,500.00" and "Fee Amount Remaining After Approved and Pending: \$2,100.00".

Reports and Case Management

At the start of a case, it may be difficult for counsel or the court to know whether a case has the potential to exceed the statutory maximum allowed for representation.

Therefore, attorneys are encouraged to monitor the status of funds, attorney hours, and expert services by reviewing the reports provided in the CJA eVoucher program. Items to remember:

- Viewable reports appear in the left review panel.
- Each panel, depending on the document you are viewing, can have different reports available.
- Each report can have a short description of the information received when viewing that report.
- The two main reports are the Defendant Detail Budget Report and the Defendant Summary Budget Report.

To find other accessible reports, from the menu bar at the top of the screen, click **Reports**.

Defendant Detailed Budget Report

This report reflects the total amount authorized for this representation, any excess payment allowed, the vouchers submitted against those authorizations, and the remaining balances.

It provides the information in two sections: attorney appointment and authorized expert service.

CJA-24 Voucher Attorney Steps

Note: There is **NOT AN AUTOSAVE** function on this program. You must click **Save** periodically to save your work.

After submission and approval of the AUTH-24, the CJA Clerk will create the CJA-24 for payment.

Step 1

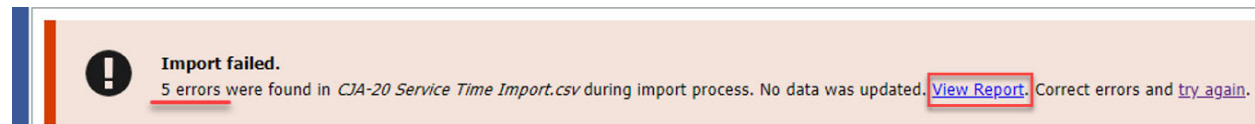

The Court Reporter will be notified and will fill out the required information. The CJA-24 is electronically sent to the CJA Clerk for verification.

Appendix A: Correcting Errors in Your .csv File

If your import fails, you must correct errors in the original .csv file before attempting another import.

Step 1

A message appears at the top of the page, indicating the number of errors found. Click the **View Report** link to view errors.

Step 2

The Errors Only report opens by default, with the errors in the file highlighted. Review the error report and correct the original .csv file.

Note: Click the **Full Report** radio button to view an error report that includes all imported service lines.

Step 3

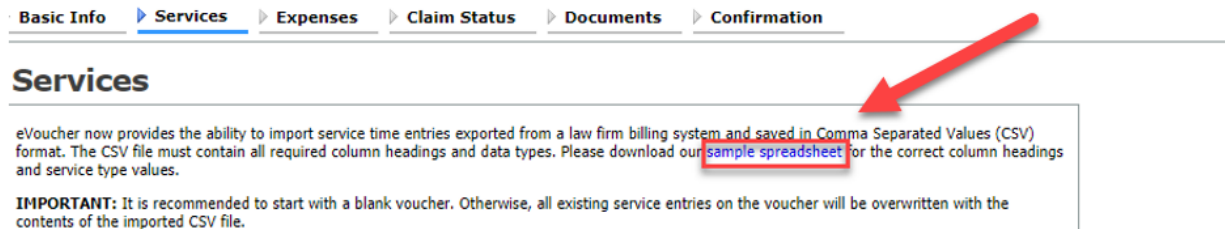

Return to the Services page, click the **try again** link, and then follow steps 4–5 in the Importing Service Entries on Previously Created CJA-20s section to attempt the import again.

Attorneys should still review the voucher to ensure that entries are correct prior to submission to the court. For the remaining tabs of the CJA-20 or CJA-30 voucher, please see instructions for those documents.

Appendix B: Creating the Excel File for Import

Once you begin the process of importing your service entries to a CJA-20 or CJA-30 voucher, sample spreadsheets are available to download on the Services page. These sample spreadsheets are in Excel format that must be saved in .csv format.

Services

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

IMPORTANT: It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

For the .csv file to be successfully uploaded into and accepted by eVoucher, it must contain a header row with specific column headers, as seen below. The header row contains four mandatory column headers (Date, Hours, Description, Service Type) and two optional column headers (Doc. #, Pages). The Doc. # and Pages fields may be included in the header row; however, they are not required unless data is provided.

If the header row contains service entry information instead of headers, the data in that row will be ignored and won't import into your voucher. Sample spreadsheets containing the correct column headers and service type values for each voucher type are available in the online help.
