

Online Help Documentation

The Help Documentation feature provides guidance on and explanations of the various features and concepts in CJA eVoucher, specifically for attorneys and expert service providers. The information in the help document is meant to supplement training materials created by individual courts.

For court-specific questions, contact your local district or appeals court.

From the **Help** menu, select **eVoucher Documentation: Attorney and Expert Users**.

Topics for external users include basic information on changing user names and resetting passwords; browser tips; in-depth information on using the system, such as types of documents, topics specifically for attorney and expert types; and links to other helpful resources. Click any area of interest to view specific details on the topic.
