Essays:

I'm Brendt. Grad student at UIUC. I'm pretty chill and easy going...it's pretty much impossible to make me mad. I want to experience everything and test my limits.
Fears: garbage disposals, modern windmills, Japanese giant hornets
I also work out a ton but don't mind if you don't. Fitness has been a passion of mine since junior high.
Married and in an open relationship. Feel free to ask questions :)

Graduating soon, and then I'll find a real job. Where I can't make my own schedule. Fuck that.

Pointing out product placement in movies
Professional napper

I try to give all forms of media a chance. Movies, books, video games, TV, manga...everything has pros and cons. The manga Berserk is the greatest thing I've ever read, followed by Stephen King's 'The Dark Tower' series.
I read a lot. Stephen King, HP Lovecraft, Frank Herbert, A Song of Ice and Fire, Tolkien, Harry Potter, American Psycho, Fight Club
Movies: So many. Predator, The Thing, My Neighbor Totoro, Lost in Translation
TV: It's Always Sunny in Philadelphia, Rick and Morty, Game of Thrones, Archer, Frasier
I'll find something from any genre of music to like (for real). Metal is my favorite. I'm also digging Johnny Cash lately. Random list: Agalloch, Amon Amarth, Bathory, Beethoven, Behemoth, Blind Guardian, Combichrist, Ensiferum, Iced Earth, Insomnium, Iron

Maiden, Kara, Merzbow, Nile, Rammstein, Septic Flesh, Skinny Puppy, T-ara, Type O Negative, Windir

My future

How much longer I have to cut for before I can start eating way too much
again

Dota 2

Procrastinating finding something fun to do and then deciding to play video games and watch Twitch
streams...

I'm willing to talk to anyone. You never know until you try.

You're passionate about music
and want to share your favorite song with me.
