

Notice Residents

You may have noticed that we recently placed 100 new recycling bins in your mailbox area. You may also have seen boxes for recycling of your mail that you do not wish to open. Our recycling staff will bring these bins out to you regularly. To ensure that you don't have any more of your discarded mail bins.

This is NOT a break receptacle. You are not to use this bin for anything other than mail. Mail or magazines should be placed in separate bins if you wish to recycle them.

Thank you for your cooperation in adding these bins to keep your mail area clean and clutter-free.
