

## Connecting to VTC Guest Services

<b>1</b> Navigate	<a href="#">Click here to open video link</a>		
Platform			
<b>2</b> Install			
<b>3</b> Approve			
<b>4</b> Call	Click		Tap
<b>5</b> Conference ID	3000018#		
<b>6</b> Password	None		

## Using VTC Guest Services

The screenshot shows the Cisco Jabber interface for a video tele-conferencing session. The main window displays the Cisco logo, the text "West Coast AA 2", and a prompt "Enter conference code followed by '#'". A small inset window shows the "Self Camera View" of the user. The interface includes a settings panel on the left, a dial pad at the bottom left, and microphone and camera toggle buttons at the bottom right. Callout boxes with arrows point to these various elements.
